

Cleanserv SD43

Cleanserv SD43/180

Cleanserv VL1-15 / VL1-30

Cleanserv SD43/180: The standard machine for basic and routine cleaning of all hard floor surfaces or shampooing carpeted areas.

Cleanserv SD43/450: High-speed machine for cleaning soft floor surfaces and providing a shiny, polished finish.

Cleanserv SD43/2 Speed: Universal single-disc machine for economic scrubbing and polishing with two speeds.

1. The continuously variable handlebar or shaft adjustment ensures an optimal working height
2. Large selection of brushes, pads and drive plates for all deployment possibilities
